# Equity Share Agreement: Professional Management with Upside Potential

## Guaranteed Minimum PLUS Share in Success

---

### Your Opportunity: Professional Management with Partnership Benefits

You're facing foreclosure but your property has strong market potential. You need professional management to maximize its value, but you don't want to leave money on the table if the sale exceeds expectations. You want both security and upside opportunity.

**Equity Share Agreement provides the perfect balance:** A guaranteed minimum you can count on, PLUS participation in any proceeds above that amount.

**Think of it as:** Insurance policy meets investment opportunity. You get downside protection with upside participation.

---

### How Equity Share Agreement Works

#### The Partnership Structure

##### Three-tier protection and opportunity:

1. **Guaranteed Minimum Floor** - Your baseline protection regardless of outcome
2. **Cost Recovery Threshold** - Our expenses and management fee recovery
3. **Shared Upside Zone** - Proceeds above costs shared according to agreement

##### Example Structure:

- Property estimated value: \$250,000
- Your guaranteed minimum: \$175,000
- Our costs and fees: \$50,000
- Total recovery point: \$225,000
- **If sale exceeds \$225,000, you share in the excess**

### Upside Sharing Formula

#### Sample sharing arrangement:

- **Sale at \$225,000:** You receive \$175,000 (guaranteed minimum)

- **Sale at \$250,000:** You receive  $\$175,000 + 50\% \text{ of } \$25,000 = \$187,500$
- **Sale at \$275,000:** You receive  $\$175,000 + 50\% \text{ of } \$50,000 = \$200,000$
- **Sale at \$300,000:** You receive  $\$175,000 + 50\% \text{ of } \$75,000 = \$212,500$

**Your protection:** Even if sale is only \$200,000, you still receive your full \$175,000 guaranteed minimum.
